

## Weinig, Wadkin, SCMI, Ilda, LeaderMac, Woodmizer, Silver & other Mid-Sized Moulders:

The S122 line, 4.80" body diameter, is designed for use on most European & Asian imported moulders. Stock head sizes: 40mm or 1-1/2" spindle bore. These use industry standard features and metric hardware, plus added features not offered by the German tool makers such as a high alloy tool steel body for greater tool life and deeper knife pockets for wider steel to be used for additional sharpenings. Knife pockets accept from 3/16" thick steel up to 10mm thick corg. steel.
