

# Flush Trim Solid Surface Bits

## Application: Flush trimming of solid surface materials

- Specially formulated carbide is ideal for fabricating solid surface materials.
- Bit #85-227 features non-marring synthetic bearing to protect finished edges.
- Spiral flush trim bits deliver very fast, clean cuts in thick tops.
- Cuts all solid surface materials.
- Use in hand-held portable routers.

Item #	For Top Thickness	Shear Direction	Overall Dia.(D)	Carbide Height(h)	Shank Dia.(A)	Overall Length(H)
75-508	1"	Up	1/2"	1-1/4"	1/2"	3-3/4"
75-509	1-3/4"	Up	1/2"	2"	1/2"	4-11/16"
76-508	1"	Down	1/2"	1-1/4"	1/2"	3-3/4"
76-509	1-3/4"	Down	1/2"	2"	1/2"	4-11/16"
85-227	1/2" to 1-1/2"	N/A	3/4"	1-3/4"	1/2"	3-5/8"
