

## General Purpose

**Ideal for cutting oak, pine, plywood, pressure treated lumber and beams.**

An excellent choice for table & miter saws, this blade leaves a smooth cut in a variety of applications, reducing the need to change blades between tasks. Use it for rip cuts with a smoother finish than dedicated ripping blades, or make quality crosscuts in solid wood or plywood. Great for both sliding and "chop" style miter saws as well as table saws.

Item#	Diameter	Machine Use	Application	Teeth	Arbor	Kerf	Hook Angle
D1040X/A	10"	Miter Saw, Table Saw	General Purpose	40 ATB	5/8"	.098"	15°
D1040W	10-1/4"	BIG FOOT® Beam Saw	General Purpose (Beam Cutting)	40 ATB	5/8"	.063"	18°
