

Round Nose Bits

18-134

Application: Fluted millwork, signs and decorative veining

- Add a personal touch to cabinet doors, drawer fronts, and fluted millwork, or use these bits to engrave wood signs.
- Cuts all composition materials, plywoods, hardwoods, and softwoods.
- Use on CNC and other automatic routers as well as hand-held and table-mounted portable routers.

Item #	Overall Dia.(D)	Carbide Height(h)	Large Radius(R)	Shank Dia.(A)	Overall Length(H)
18-134	1-1/2"	1-1/4"	3/4"	1/2"	2-3/4"
