

Rounding Over Bits

34-136

Application: Soften furniture edges and create decorative beads

- Use rounding over bits to soften furniture edges. For beading work, equip the bits with a Freud 62-102 bearing and 62-311 step washer.
- Cuts all composition materials, plywoods, hardwoods, and softwoods.
- Use on hand-held and table-mounted portable routers.

Item #	Overall Dia.(D)	Bearing Dia.(B)	Carbide Height(h)	Large Radius(R)	Shank Dia.(A)	Overall Length(H)
